

# Sparks

## Hilary Duff

I can't hear a single word  
Just know you're talking 'cause your lips keep moving  
Everything I thought I learned  
Goes out the window  
All I want is one thing You can promise castles, treasures, babies  
I don't care  
Cause for now you're just enough for me  
I want you near  
Like a fairytale to feel your breath right on my neck  
You remember what I love so baby take me back  
Turn the lights down low and kiss me in the dark  
Cause when you're touching me baby I see sparks  
You make my heart go  
You  
You, you make my heart go  
You  
You, you make my heart go Ticking tocking like a bomb  
Throws me back to when I had you closer  
Skin to skin we get it on Without the love I feel you going bolder  
You can promise castles, treasures, babies  
I don't care  
Cause for now you're just enough for me  
I want you near  
Like a fairytale to feel your breath right on my neck  
You remember what I love so baby take me back  
Turn the lights down low and kiss me in the dark  
Cause when you're touching me baby I see sparks  
You make my heart go  
You  
You, you make my heart go  
You You, you make my heart go Take it all off  
Want every inch of you  
Traveling back in time  
Tangled uptight Just like we used to  
Now do that thing I like  
Turn the lights down low and kiss me in the dark  
Cause when you're touching me baby I see sparks  
You make my heart go  
You  
You, you make my heart go  
You  
You, you make my heart go
