

# All I Have

## Jennifer Lopez

    Lovin' life and life is livin'  
    It's very specialBaby, don't go, baby, don't go  
    Baby, don't go, baby, don't goIt's such a shame but I'm leavin'  
    Can't take the way you're mistreatin' me  
    And it's crazy, but oh, baby  
It don't matter, whatever, don't phase meI don't believe you wanna leave like this  
    I don't believe I just had my last real kiss  
    I do believe we'll laugh and reminisce  
    Wait a minute, don't bounce, baby  
    Let's talk about this messWell, I'm bouncin' and I'm out, son  
    I gotta leave you alone  
    'Cause I'm good, holdin' down my spot  
    And I'm good, rappin' the girls on the block  
    And I'm good, I got this thing on lock  
    So without me you'll be fine, right?All my pride is all I have  
    Your pride is what you had, baby girl, I'm what you have  
    You'll be needin' me but too bad  
Be easy, don't make decisions when you madThe path you chose to run alone  
    I know you independent, you can make it on your own  
    Here with me you had a home, oh, yeah  
The time is of the essence, why spend it aloneSome nights I waited up for you  
    Promises you made about comin' through  
    So much time you wasted  
    That's why I had to replace you  
    It makes a cat nervous, the thought of settlin' down  
    Especially me, I was creepin' all over town  
    I thought my tender touch could lock you down  
    I knew I had you, as cocky as it sounds  
    The way you used to giggle right before I put it down  
It's better when you're angry come here, I'll prove it now, come hereStop playin', you gamin'  
    I gotta leave you alone'Cause I'm good, holdin' down my spot  
    And I'm good, rappin' the girls on the block  
    And I'm good, I got this thing on lock  
    So without me you'll be fine, right?All my pride is all I have  
    Your pride is what you had, baby girl, I'm what you had  
    You'll be needin' me but too bad  
Be easy, don't make decisions when you madThe path you chose to run alone  
    I know you independent, you can make it on your own  
    Here with me you had a home, oh, yeah  
The time is of the essence, why spend it alonePeople make mistakes to make up, to break up, to  
    wake up  
    Cold and lonely chill baby you know me you love me

I'm like your homey instead of beef and confomy  
I promise I'm not a phony, don't bounce baby console me, come here  
Ain't nothin' you can say  
to me that can change my mind  
I gotta let you go now  
And nothin' will ever be the same, do just be on your way  
Go head and do your thang now  
And there's no more to explain to me, you know  
I know you game I'm not feelin' what you do  
So I'm bouncin' and I'm out, son  
I gotta leave you alone, yeah, yeah  
All my pride is all I have  
Your pride is what you had, baby girl, I'm what you have  
You'll be needin' me but too bad  
Be easy, don't make decisions when you mad  
The path you chose to run alone  
I know you independent, you can make it on your own  
Here with me you had a home, oh, yeah  
The time is of the essence, why spend it alone  
All my pride is all I have  
Your pride is what you had, baby girl, I'm what you had  
You'll be needin' me but too bad  
Be easy, don't make decisions when you mad  
The path you chose to run alone  
I know you independent, you can make it on your own  
Here with me you had a home, oh, yeah  
The time is of the essence, why spend it alone
