

# Genius

## R. Kelly

Your body's so freakin' soft  
I can't wait to tear it off  
You got me like, lalalalala babe  
It's how you make me feel babe  
I can feel your butterflies  
While I'm kissin' on your thighs  
You got me like lalalalala baby  
Anticipation's so crazy  
I'll be good to you promise  
While makin' love to you promise  
Go to sleep and when we wake up  
I'ma hit that thing again promise  
Signs and miracles up in this room  
While I'm pleasin' you  
I'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex geniusBaby girl, we're both so freakin' hot  
We don't wanna freakin' stop  
Got each other like lalalalala babe  
Woah tell me I'm the master baby  
Now I got you out your clothes  
Your body's so beautiful  
The mirror says lalalalala babe  
This moment's like heaven baby  
And I'll be good to you promise  
While makin' love to you promise  
Go to sleep and when we wake up  
I'mma hit the thing again promise  
Signs and miracles up in this room  
While I'm pleasing you  
I'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex geniusI'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex geniusI know you've heard it all before  
From I got thing you want I got thing you need  
Don't you believe 'em cause all of them are wannabees  
Tonight I'm 'bout to prove myself  
You won't ever have to ask no more

I'm a college grad girl I got my degree  
I'm ahead of my class girl you met the real thing  
Signs and miracles up in this room  
While I'm pleasing you I'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex genius I'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex genius I'm blessed with the insight to please your body  
Girl tonight you're lying with a sex genius  
Nothing like the ordinary I'm a love wonder  
Tonight you're lying with a sex genius
