

This Moment

Disturbed

You will remember this moment as you dig into me.
And from your smile now it seems as if you liked it!
You better cherish this moment as you dig into me.
You'll never get another chance at this. I won't stand another minute of your questioning me!
You hear me bitch now the interrogation's over!
I can't handle the feeling of your pestering me!
How would you like to meet my favorite fist!? No you can't renege
I love to see you beg Dream this moment as you run away.
You would only separate me from all I believe!
This moment in brutality!
You're the one who kept on pushing
'Til I made you bleed.
It seems your pride has been stolen
Since you stood up to me
I'll tell you now you know I think I
Really like it!
So learn a lesson from someone that will never repeat The many tragic mistakes of his past.
I hope you savor this moment
As you're still on your feet
So keep it quiet now
I think you're gonna like it!
Words have their consequences when
They're spoken to me
Better be careful when you're writing checks.
Don't you question how I
Stand above you now I
Dream this moment as you run away!
You would only separate me from what I believe.
This moment in brutality. You're the one who kept on pushing
'Til I made you bleed!
Now you know the answers...
Save yourself from danger...
I cannot forget how...
All of this began!
I know you know the answer...
Save yourself from danger...
Beaten by a stranger...
Blood still on his hands.
I'll be this moment as you run away!
You would only separate me from what I believe.
This moment in brutality...
You're the one who kept on pushing

"Til I made you bleed!!
