

# The End of Christmas

[Smosh](#)

I'm so freaking tired of Christmas  
And all the bullshit it puts in my head  
I'm so freaking tired stupid presents  
under smelly trees  
I wish there was something instead  
That wasn't so stupid and so lame  
I guess I got Santa and his elves to blame  
(Yeah)

I'm so freaking tired of Christmas  
and I want it to be dead.Uhhhhhh... Uhhhh... Uhhhh...  
You know what? I think I might hate Christmas too!

I'm so freaking tired of Christmas  
and all the malls and traffic snags  
I'm so freakin' tired of eggnog, candy canes  
and bigass shopping bags.

Every freakin' year it's always the same  
Mom gets me sweaters and the wrong video game  
I'm so freakin' tired of Christmas  
and I want it to be dead.
