

Adrenaline

12 Stones

My heart is beating faster can't control these feelings any more,
I've waited long enough I want it more than anyone,
its time to step up and deliver what you want to see,
my blood is pumping now this is how its gonna be, its 45 minutes of love,
i wanna see you push and you shove,
i'll show you just how far to go,
its time to lose all control, its a feeling,
i can't control these feelings anymore,
believe me,
my heart is racing and I can't seem to get enough,
am I dreaming,
just like a drug but i know it's just adrenaline, go,
just feel it,
oooooh my heart is beating faster,
my adrenaline reaches its limit i can feel it taking over me,
my head is spinning and it seems like i can hardly breathe,
you get a taste it's like a drug that you don't wanna leave,
so if you want it let me see you put your fists in the air, it's 45 minutes of love,
i wanna see you push and you shove,
i'll show you just how far to go,
its time to lose all control, it's a feeling,
i can't control these feelings anymore,
believe me,
my heart is racing and I can't seem to get enough,
am I dreaming,
just like a drug but i know it's just adrenaline, go,
just feel it,
oooooh my heart is beating faster,
My heart is beating faster can't control these feelings any more,
I've waited long enough I want it more than anyone,
it's time to step up and deliver what you want to see,
my blood is pumping now this is how it's gonna be, its a feeling,
i can't control these feelings anymore,
believe me,
my heart is racing and I can't seem to get enough,
am I dreaming,
just like a drug but i know it's just adrenaline, go,
just feel it,
oooooh my heart is beating faster, it's 45 minutes of love,
my heart is beating faster.
