

Clarence White

Low

Clarence White and Josh Muray
I never thought I'd see the day
It hurts to hear but it's so easy to say
Clarence White I know I shouldn't be afraid You think it's pretty (oh no)
I am a raging river
I'll cut through your city (oh no)
Just like the destroying angel
The one from the movie (oh no)
The one with Charlton Heston
That used to scare me
But I know I shouldn't be afraid
I know I shouldn't be afraid
I know I shouldn't be afraid
I know I shouldn't be afraid
