Send a wish upon a star Do the work and you'll go far Send a wish upon a star Make a map and there you areSend a hope upon a wave A dying wish before the grave Send a hope upon a wave For all the souls you failed to save And you stood tall Now you will fall Don't break the spell Of a life spent trying to do well And you stood tall Now you will fall Don't break the spell Of a life spent trying to do wellSend a question in the wind It's hard to know where to begin So send the question in the wind And give an answer to a friendPlace your past into a book Put in everything you ever took Place your past into a book Burn the pages let them cook And you stood tall Now you will fall Don't break the spell Of a life spent trying to do well And you stood tall Now you will fall Don't break the spell Of a life spent trying to do well(Repeat)Send a wish upon a star Send a wish upon a star Song Discussions is protected by U.S. Patent 9401941.
