

# My House

## PVRIS

I feel you in these walls  
You're a cold air creeping in  
Chill me to my bones and skin.  
I heard you down the hall  
But it's vacant when I'm looking in  
Oh, who let you in? You walk around like you own the place  
But you never say anything.  
I caught you walking straight through my walls  
Guess it was all my fault, I think I let you in.  
Never thought that I would feel like this Such a mess when I'm in your presence.  
I've had enough, I think you've been making me sick  
Gotta get you out of my system, yeah.  
It's my house  
And I think it's time to get out.  
It's my soul It isn't yours anymore.  
It's my house And I think it's time to get out.  
Yeah, I think it's time to get out.  
You're at my bedroom door Heard your footsteps on the floor  
Closer than ever before.  
And now you're in my room  
You're a cold air creeping through  
Under sheets avoiding you.  
You walk around I can hear you pace Circling my bed frame.  
Oh.  
But, now we're face to face  
Head on my pillowcase  
But darling, you can't stay.  
Never thought that I would feel like this  
Such a mess when I'm in your presence.  
I've had enough, I think you've been making me sick  
Gotta get you out of my system, yeah.  
It's my house And I think it's time to get out.  
It's my soul It isn't yours anymore.  
It's my house And I think it's time to get out.  
Yeah, I think it's time to get out.  
Haven't you heard? I'm not yours anymore.  
I'm not yours anymore.  
It's my soul.  
(And I think it's time to get out)  
Haven't you heard? I'm not yours anymore.  
I'm not yours anymore.  
It's my house.

I feel you in these walls  
You're a cold air creeping in  
Chill me to my bones and skin.  
Never thought that I would feel like this  
Such a mess when I'm in your presence.  
I've had enough  
I think you've been making me sick  
It's my house  
And I think it's time to get out.  
It's my soul  
It isn't yours anymore.  
It's my house  
And I think it's time to get out.  
Yeah, I think it's time to get out.  
Yeah, Yeah.  
Woah.  
Yeah, I think it's time to get out.
