

# Breaking Out, Breaking Down

## Bullet for My Valentine

We could blame the world forever  
we could just escape together.  
So are we breaking out  
or are we breaking down? We can't blame this world forever.  
(This world forever)  
The end will never come  
there's still a mountain left unclimbed.  
But we will overcome  
the hurdles placed inside our minds  
So close but still so far  
each day will bring us brand new scars What are we fighting for?  
we cannot live like this no more  
'Cause in the thick of darkened days, We know.  
We could blame the world forever we could just escape together  
So are we breaking out  
or are we breaking down?  
We cant blame this world forever  
(This world forever)  
Just need some clarity can't seem to open up these eyes  
Don't want your sympathy  
it took me time to realise  
(This is no onese side war)  
or how we thought this life would be  
(This is not what we need,)  
so take this shit away from me  
'Cause in the thick of darkened days, We know.  
We could blame the world forever  
we could just escape together  
so are we breaking out  
or are we breaking down?  
we cant blame this world forever.  
(Guitar solo)  
(Whoa)  
So are we breaking out?  
(Whoa)  
Or are we breaking down?  
(Whoa)  
I guess what's done is done.  
(Whoa)  
But we will overcome!  
We could blame this world for (ever)  
We could blame the world forever

we could just escape together.  
So are we breaking out?  
Or are we breaking down?  
We can't blame this world forever.  
'Cause in the thick of darkened days, We know.
