

# Tonight

[Ken Laszlo](#)

(Tonight, Tonight) We try to know and take it just for tonight

Let your feeling riding over the flies

To make your joy, well, enjoy your self

Don't give up the pleasure of tonight\*)

Don't be so worry, baby

Everything has gotta be great

Why don't you try to know it

You don't tell things to forget

Or will I told you

Ref) 2x

Oh, oh . (tonight)

We will see tonight. We got the pleasure in the right way

Oh, oh . (tonight)

You and me, better now. We're finally together Repeat: (Tonight ...)

Stop to the movin' and just listen to me

We'll be paddle now to lose your mind

Catch the moment, enjoy yourself

Try to touch it with the love in the eyes Repeat: \*)
