

# Cecil's Palace

## Tracy Lawrence

Well I've seen things quite amazing  
As I've traveled around this land  
The grand canyon to niagra falls  
And miles of desert sand  
They may be awe inspiring  
And make folks stop and stare  
But I know a place not far from here  
Where they cant don't compare Truck stop casino strip club bingo  
ah and sushi bar  
Pawn shop laundry mat drive right up get married in your car  
If you find yourself about 45 min just southeast of dallas  
Just stop on in and make yourself at home  
Right here at cecils palace  
Mud wrestlin' on the weekends  
While your sittin' at the bar  
You can order food get a new tattoo  
Get drunk and watch nascar  
Theres somethin' for all ages  
Hard liquor and soft ice cream  
Get half priced rooms on weekdays  
At the buffet kids eat free
