

Giving You the Benefit (Extended Club Version)

Pebbles

G-G-Giving you, giving you.

G-G-Giving you, giving you.

G-G-Giving you, giving you.

Here we go. 1, 2, 3, 4.

Lately, I've been trying to figure out your mind and why you keep dissin' me,

Poor little me.

And why you have a change of heart to turn it all around

And then try to put it on me,

Poor little me.

But don't you know I can be a trip.

I can make things hard.

But baby, I believe that you still got a heart.

That's why I try to stop myself before I start,

'Cause I can make it tough.

I can make it rough, but I won't.

Well, I'll be giving you the benefit of the doubt.

I'm giving you a minute to try to work it on out.

I'll be giving you the benefit of the doubt

And I'm giving you a minute to try to work it on out.

Baby, work it on, work it on out. (Work, work, work.)

Baby, work it on, work it on out. (Work, work, work.)

Oooh, ooooooooooh.

Baby, how could you be hanging out on the town

And claim that you're missing me,

Poor little me,

When you knew all the time that you could've been with your homegirl lovin' and a kissin' on me,

Sweet little me.

But don't you know if you wanna be a man,

You gotta work real hard.

If you wanna make me feel like I'm your number one,

Then nothing in the world should make us part.

'Cause we can make it work, if you take away the hurt from my heart.

I'll be giving you the benefit of the doubt

And I'm giving you a minute to try to work it on out.

I'll be giving you the benefit of the doubt

And I'm giving you a minute to try to work it on out.

Baby, work it on, work it on out.

(Work, work, work.) Work it, baby.

(Work, work, work.) Keep trying to work it on, work it on, work it on, work it on out.

(Work, work, work.) Work it, baby.
(Work, work, work.) Keep trying to work it on out. Mmmm.
(Oh) I can be a trip, but I choose not to.
(Oh, oh) Deep inside of you, I think there's still good in you, boy.
(Oh) Don't give me no reason not to trust you.
(Oh, oh) Just take the benefit.
Don't give me no lip and I'll be sweet to you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you, giving you.
G-G-Giving you.
I'll be giving you the benefit of the doubt
And I'm giving you a minute to try to work it out.
I'll be giving you the benefit of the doubt
And I'm giving you a minute to try to work it on out.
(I'll be giving it to you.)
I'll be giving you the benefit of the doubt.
(Giving it to you.)
I'm giving you a minute to try to work it on out.
(I'll be giving it to you.)
I'll be giving you the benefit of the doubt.
(Giving it to you. Ooooooooooooooh.)
I'm giving you a minute to try to work it on out.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you.) I wanna give you,
I'm giving you the benefit.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you. Ooooooooooooooh.) I wanna give you,
I'm giving you the benefit.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you.) I wanna give you,
I'm giving you the benefit.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you. Ooooooooooooooh.) I wanna give you,
I'm giving you the benefit.
I'll be giving you a minute or two to try and work it out.
I wanna work it out, baby.
I'll be giving you a minute or two to try and work it out.
But don't you take too long, baby.
I'll be giving you the benefit of the doubt
And I'm giving you a minute to try to work it on out.

I'll be giving you the benefit of the doubt
And I'm giving you a minute to try to work it on out.
(I'll be giving it to you.)
I'll be giving you the benefit of the doubt.
(Giving it to you.)
I'm giving you a minute to try to work it on out.
(I'll be giving it to you.)
I'll be giving you the benefit of the doubt.
(Giving it to you. Ooooooooooooooh.)
I'm giving you a minute to try to work it on out.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you.) I wanna give you,
I'm giving you the benefit.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you. Ooooooooooooooh.) I wanna give you,
I'm giving you the benefit.
(I'll be giving it to you.) I wanna give you,
I'm giving you the benefit. Whoo!
(Giving it to you.) I wanna give you,
I'm giving you the benefit.
