

# Missing You

Chris Knight

Slow train on the trestle passin' overhead  
Cold campfire and an army blanket where i last laid my head  
I got tobacco and i got bread to get me to morgantown  
Gotta put a little distance between us but i think i'm losin' ground  
Down by the river so green it's blue  
Down by the river i'm sure missin' you  
Well my eyes closed you turned cold and i couldn't make  
you stay  
The more i tried to hold on the more you turned away  
Guess i coulda done better than fish and drink and mine  
Tell me how things get tougher all i know is tough times  
Down by the river so green it's blue  
Down by the river i'm sure missin' you  
I ran into your daddy he's out runnin' his line  
Gave me a beer in a blue can said i oughta come visit sometime  
Rain ceows cottonmouth catfish and cane  
Your name is on my every breath your blood is in my veins  
Down by the river so green it's blue  
Down by the river i'm sure missin' you  
Down by the river so green it's blue  
Down by the river i'm sure missin' you
