

Tequila Sunrise (feat. AUGUST 08 & GoldLink)

88rising, Jackson Wang & Higher Brothers

I don't feel like arguin' tonight with you, with you
Just wanna be the best that I can be for you
Drinkin' tequila sunrise while the sun is risin' (yeah) I know what you like
I could probably give it all to you on side (On side)
Take your time, we could do this all night (Alright)
Fendi jacket on you lookin' so right
All bling, got you sippin' on 'Tron
Got me thinkin' 'bout you every single time I'm alone
This should put me in a zone, you can hear it in my tone
You could tell me what you want, but I already know (I know)
One shot, and you got me loose
Two shot, I'ma tell the truth
Truth is, I'm in love with you
Woke up to you by my side
Pour up, baby, one more time
Let's do it again tonight (Yeah, yeah, oh yeah)
I don't feel like arguin' tonight with you, with you
Just wanna be the best that I can be for you
Drinkin' tequila sunrise while the sun is risin'
Drinkin' tequila sunrise while the sun is risin' Yeah, uh ???????
