## In Flames

The serpent knows  
When the curtain falls  
With denials blindfold  
He greets another day  
Don't believe the mask  
It adapts to any lie  
A perfect ten  
When reality caves in  
Don't tell me  
Tell my ghost  
Cause I blame him  
For all I don't want to know  
I found secrets about Life's undertoe  
Life's wrapped in a riddle  
Easier said than done  
Way to play the victim  
Just run and hide  
Don't believe the mask  
It adapts to any lie  
A perfect ten  
When reality caves in  
Don't tell me  
Tell my ghost  
Cause I blame him  
For all I don't want to know  
I found secrets about life's undertow  
Let them take me far away  
Crawl back in place  
It's easier to cope behind the curtain  
Wipe the worries away  
No thought about the consequence  
Don't believe the mask  
It adapts to any lie  
A perfect ten  
When reality caves in  
Don't tell me  
Tell my ghost  
Cause I blame him  
For all I don't want to know  
I found secrets about life's undertow  
Let them take me far away
