

Cold Beer Calling My Name

Jameson Rodgers & Luke Combs

It's been one of them clock it in, knock it out, clock it out
'Bout to?kick?off the weekend
There's?a stretch of blacktop, I ain't?never seen a cop
So I'm pushing it a little past?ten
Pulled?a?little money from?the bank, put?it in the tank
Shined up the windshield glass
Don't know where the night might lead, ain't nowhere to be
But I gotta get there fast
There's a cold beer calling my name
Feel a good time coming, got a new song humming
And the sunset's doing its thing
Feeling lucky as a seven, yeah sometimes Heaven
Is a pocket full of payday green
And my baby putting sugar on me
Yeah, it's sure been a pretty damn good day
And there's a cold beer calling my name, yeah
If there's a hillbilly rock show, I'll be in the front row
Holding up a red Bic flame
Or a wraparound porch with a citronella torch
Yeah, you know I'm down either way
There's a chance that tonight might be a night that we
Ain't ever gonna forget
Yeah, everybody's turning it up, I got a little buzz
And I ain't even had one yet
There's a cold beer calling my name
Feel a good time coming, got a new song humming
And the sunset's doing its thing
Feeling lucky as a seven, yeah sometimes Heaven
Is a pocket full of payday green
And my baby putting sugar on me
Yeah, it's sure been a pretty damn good day
And there's a cold beer calling my name
It's calling my name
Yeah, there's a cold beer calling my name
Oh yeah it is
Yeah, I'm gonna put a little chill in my weekend
Stay up all night, maybe sleep in
I'm gonna sip a little something
And I ain't gotta worry 'bout nothing 'cause
There's a cold beer calling my name
Cold beer calling my name
There's a cold beer calling my name
Feel a good time coming, got a new song humming
And the sunset's doing its thing
Feeling lucky as a seven, yeah sometimes Heaven

Is a pocket full of payday green
And my baby putting sugar on me
Yeah, it's sure been a pretty damn good day
And there's a cold beer calling my name
It's calling my nameCold beer calling my name
It's calling my name
Yeah, I'm gonna put a little chill in my weekend
