

Smoke and Mirrors

Brett Dennen

I know what you're thinking
You're thinkin 'bout leaving
Yeah! You're thinkin 'bout leaving You wonder what you're missing
You don't see me Yeah You're looking right through me.
Please be wise It's easy to be fooled by your own eyes
Baby Your eyes Don't let smoke and mirrors make you cloudy
Truth you can not see is hard to find
If you think your better off without me
Remember what we had before you leave it all behind
Love is blind when it's new
your eyes play tricks on you
Yeah Your heart plays tricks on you Soon the dream gets played out
Baby it's real now, Yeah it's real now
Please be sure think about how much it makes me hurt baby
be sure
Don't let smoke and mirrors make you cloudy
Truth you can not see is hard to find
If you think your better off without me
Remember what we had before you leave it all behind
