

# Where Did You Go (Bobby Vena Remix)

Morgan Page, Andy Caldwell & Jonathan Mendelsohn

Where did you go? Oh, I had a feeling that it might come this

I, I, I, I, I saw it in your eyes

I felt it when we kissed

Oh, something inside said

Warning, warning, warning

There's danger ahead

Better watch where you're going

This one's different

Proceed with caution

Enter at your own risk (own risk)

I knew how this would end

Still I let it begin

I'm just another fool that rushed in

You left me in the dust

Just another prisoner of your lust

You felt like water through my hands

Too slippery to grab

Like a castle on the sand that washed away

Was it something that I said?

Didn't give you enough attention?

What made you run from me? I wanna know why

I, I, I, I, I wanna know where did you go

I, I, I, I, I wanna know where did you go

I wanna know why

I, I, I, I, I wanna know where did you go

I, I, I, I, I wanna know where did you go

Where did you go?

I wanna know why

Where did you go? I wanna know why

I, I, I, I, I wanna know where did you go

I, I, I, I, I wanna know where did you go

I wanna know why

I, I, I, I, I wanna know where did you go

I, I, I, I, I wanna know where did you go
