

# Lover's Spit

## Broken Social Scene

All these people drinking lover's spit  
They sit around and clean their face with it  
And they listen to teeth, to learn how to quit  
Tied to a night they never met You know it's time  
That we grow old and do some shit  
I like it all that way, I like it all that way All these people drinking lover's spit  
Swallowing words while giving head  
They listen to teeth, to learn how to quit  
Take some hands and get used to it All these people drinking lover's spit  
They sit around and clean their face with it  
You know it's time  
That we grow old and do some shit  
I like it all that way, I like it all that way  
I like it all that way
