

# Far from the Fame (Sabaton Cruise, 2014, 1st Set)

## Sabaton

As the great war is over and lost  
He's been wounded in war, he returns with awards  
Into battle again far from home  
From a far distant land, our Marshal command  
Home, siblings sent to their death  
His wife payed the ultimate price  
Still, as the war rages on  
You are our guide  
Far, far from the fame  
Far, far away from the fame  
But we still remember your name  
Karel Janoušek  
We mourn the day that you died  
So be our guide, Czechoslovakia's pride  
When the war has been fought and been won  
Our Marshal returns, to be thrown into jail  
Facing torture and years behind bars  
When he's finally back, life in ivory black  
Home, siblings sent to their death  
His wife payed the ultimate price  
Still, as the war rages on  
You are our guide  
Far, far from the fame  
Far, far away from the fame  
But we still remember your name  
Karel Janoušek  
We mourn the day that you died  
So be our guide, Czechoslovakia's pride (Solo)  
Far, far from the fame  
Far, far away from the fame  
But we still remember your name  
Karel Janoušek  
We mourn the day that you died  
So be our guide, Czechoslovakia's pride  
Far, far from the fame  
Far, far away from the fame  
But we still remember your name  
Karel Janoušek  
We mourn the day that you died  
So be our guide, Czechoslovakia's pride
