

# Immortal

## Marina and The Diamonds

I wanna be immortal  
Like a god in the sky  
I wanna be a silk flower  
Like I'm never gonna die  
I wanna live forever  
Forever in your heart  
And we'll always be together  
From the end to the start That's what we do it for, to reserve a place  
It's just another part of the human race  
That's what we do if for, to reserve a space  
In history it's just part of the human race, race  
(Race, race, race, race)  
(Race, race, race, race)  
(Race, race, race, race)  
(Race, race, race, race)  
I'm forever chasing after time  
But everybody dies, dies  
If I could buy forever at a price  
I would buy it twice, twice  
But if the Earth ends in fire  
And the seas are frozen in time  
There'll be just one survivor  
The memory that I was yours and you were mine  
Everybody dies, dies  
Chasing after time, time When you love somebody  
They'll always leave too soon  
But a memory, a memory  
Can make a flower bloom  
We wanna be remembered  
Don't wanna live in vain  
But nothing lasts forever  
This world is in a losing game  
I wanna mean something to somebody else  
Feel a significance in the real world  
It's not enough to live out a lucky life  
(Life, life, life, life, life) I'm forever chasing after time  
But everybody dies, dies  
If I could buy forever at a price  
I would buy it twice, twice  
But if the Earth ends in fire  
And the seas are frozen in time  
There'll be just one survivor

The memory that I was yours and you were mine  
Everybody dies, dies  
Chasing after time, time No, I don't want to be afraid, afraid to die, (die, die)  
I just wanna be able to say that I have lived my (life, life)  
Oh, all these things that humans do  
To leave behind a little proof  
But the only thing that doesn't die is love, love, love  
Love, love I'm forever chasing after time  
But everybody dies, dies  
If I could buy forever at a price  
I would buy it twice, twice  
But if the Earth ends in fire  
And the seas are frozen in time  
There'll be just one survivor  
The memories of our lifetime (life)  
Everybody dies, dies (life)  
Chasing after time, time So keep me alive, so keep me alive  
So keep me alive, alive  
Race, race, race, race
