

# Turn Back Time

## Sub Focus

Brush off my shoulders, but not 'cause it's colder  
Will it get better, now that we're older?  
Remember the feeling, a tear of emotion  
To be high as a mountain, as deep as the ocean How I wish I could turn back time  
How I wish I could turn back time Oh, I just hate being without you  
It's just another thing to break through  
Carry the hurt I dare not speak it  
Bring back the love that we all believe in  
How I wish I could turn back time  
How I wish I could turn back time
