

Come On

Living Colour

One of this mornings
I'll have the strenght to tell ya how I feel
Won't be afraid of what's beeing seen see ya
I won't screem or kneelThe word has formed when you were asleep
From my mind to my mouth
Retreat your skin like original sin
I wanna leave no doubtwon't you come on
won't you come on
won't you come on
babywon't you come on
won't you come on
won't you come on
baby
come onI'll be dressed in packed blouse
in a grey pen stripe suit
with wingtip shoes just
singing a blues no one can reviewI walk wide all over
have a party see what I got to schrade
I leave you there unaware
as slowly I walk awaywon't you come on
won't you come on
won't you come on
baby yeahwon't you come on
won't you come on
won't you come on
baby yeah
