

Say My Name

Tove Styrke

You said you ain't the one to jump in a relation
And I don't mind but when we touch it's elevation
Up, up, up, up, up
Up, up, up, up, up You speak my lingo, we don't need no translation
I never need a break 'cause we feel like vacation
Up, up, up, up, up
Got me up, up, up, up, up Go ahead and feel what you feel
I want you closer to me Say my name
Wear it out like a sweater that you love
'Cause I can't get enough when you
Say my name
Spill it out like a drink you should've skipped You're the one I wanna get when you
Say my name
Let it roll, let it roll off your tongue
Let me know, let me know what you want
Wear it out like a sweater that you love
'Cause I can't get enough when you
Say my name
Say my name Don't need no list of where you've been, no information
You got me runnin' out
Out of patience
Up, up, up, up, up
Got me up, up, up, up, up I like the interaction, you got my attention
I'm not in love but I'm loving the situation
Up, up, up, up, up
If you down don't dare to stop
Go ahead and feel what you feel
I want you closer to me So say my name
Wear it out like a sweater that you love
'Cause I can't get enough when you
Say my name
Spill it out like a drink you should've skipped You're the one I wanna get when you Say my
name
Let it roll, let it roll off your tongue
Let me know, let me know what you want
Wear it out like a sweater that you love
'Cause I can't get enough when you
Say my name
Say my name Go ahead and feel what you feel
'Cause I need what I need and I say what I mean So say my name
Wear it out like a sweater that you love
'Cause I can't get enough when you

Say my name (say my name)
Spill it out like a drink you should've skipped You're the one I wanna get when you
name

Let it roll, let it roll off your tongue
Let me know, let me know what you want
Wear it out like a sweater that you love
'Cause I can't get enough when you
Say my name
Say my name
Say my name
