

Oh Santa

Kylie Minogue

Oh, there's a bad me
Our house in Chelsea
There's a that you can get me
A little pony, a bunch of tony's
Oh, the things that you could do for me Oh, Santa, oh, Santa
I know that you [?] everything I'm after
But you don't need to read it on a Christmas list
Just save a little kiss for me
With jacuzzi, a [?]
With a bubble bath
And [?] with Clooney
Oh, the things that you could do for me Oh Snata
Yeah, there's a few things on my list
Few things
But there's nothig
Or maybe?
A diner with president Obama
I [?] space
To get off my face
Oh, the things that you could do for me
Oh, Santa, oh, Santa
I know that everything I'm after
But you don't need to read it on a Christmas list
Oh, I know you got better things to do than this
Just save a little kiss for me Thank you Santa
