

# The Truth (feat. Roisin & J-Live)

## Handsome Boy Modeling School

Go ...  
Go to the mountain if you must  
Go to the burning bush  
Happy would ease your troubled mind  
How do the fade just stay behind?  
I know you better than you think I do Don't worry babe. this is why i fell in love with you  
The man in the looking glass  
Is looking back at you at last  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide  
If happy times are too few and far between It's a pity dear, we can't erase the things we've seen  
So disappear, vanish if you wish  
Just go before you're swallowed up by bitterness  
And the truth is you can't hide from the truth And the truth hurts because the truth is all there is  
I realized some time ago that I would have to let you go  
May not be true to see that you would return one day But in your present state you may as well  
not be here at all  
You wear a thin disguise, it's from yourself you hide  
Just take a look at us, we are heading for a fall  
Now presiding in this quarter: hip-hop  
Justice, my rap forte  
Judge, jury, bailing for prosecuting D.A.  
Et ceteras, paraphas  
My modus operende  
It's carpe diem whether the fact or word is your way  
Comprende?  
The people versus, you ain't no Sensei  
Teaching that style of word-play  
We got the words they  
Regardless of what your friends say  
They're all disable  
Stricken from the record and deemed indimissable  
And this long arm of the law grabs a mightier  
Shoot dope lines first and ask questions later  
The death sentence of this live litagator  
Close the case tighter than the jaws of a 'gator  
Stenonographer, that study law again, the jargon

Let your counselors 'a barking, in hopes of a plea bargain  
But when you read back verbatim  
What they're saying to persuade them  
They realize exactly how i've played them  
I come with the truth, whole truth and nothing but  
'Cause the truth hurts just as much as fuckin' with lies will  
I brew skill with free fills from now until  
Plagerizing MC's get their flows distilled  
Baby I don't die without you by my side  
As long as you return into these arms that burnBaby I won't die just take a look inside  
Into these eyes that burn, come to these arms that yearn  
I won't die, if you leave me high  
I won't die if you're not by my side  
And the truth hurts because the truth is all there isAnd the truth hurts because the truth is all  
there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth.
