

# Showdown

## Pendulum

It's been such a long time coming  
I'd thought you'd understand  
That's over, hate of the last  
Will be joining in the sand But it's simple you were wrong  
You must have known that we didn't not belong I know you thought I'd sold my soul  
But you never told me to my face  
I just had to let you go  
And blow this shit away  
Here we go again
