

With You

Mizz Nina

Right now baby since you've arrived
I didn't know, I didn't that baby i was ailve
and suddenly my heart is racing
the beat just dropped and now
the club is blazing baby So don't you leave now baby
and don't let go of me
cuz ever-since I danced with you
my life made sense oh baby you're my truth,
you're my truth oh baby Cuz right now oh the club the club the club
it maybe bumpin'
Cuz the DJ DJ got everyone jumpin
but I close my eyes and baby all I know is
I'm with you I'm with you and baby
from now oh the light the light the light
it maybe strobbin'
but baby will be dancing dancing in the glow and
so I close my eyes and baby all I know is
I'm with you I'm with you I'm with you Right now baby we could be
at the top of the club or in VIP
but it wouldn't matter where we are
just as long as you're here

And don't let go of me
Cuz ever-since I danced with you,
