

# When You Gonna Come Around

[Dierks Bentley](#)

I been knowin' you for a little while  
You never fail to make me smile  
We've never been together  
Is just something we talk about  
When you gonna come around?  
When you gonna come around?  
I'm the kind that likes to take it slow  
Well, that's just the kind I'd like to get to know  
I just wanna get started, I need you to show me how  
When you gonna come around?  
I've been waitin' with a heart full of love  
Just for you to say it feels right enough  
I've been a-waiting and a-wondering  
When you're gonna give in and just give it up?  
Your love is the sweetest thing I have ever found  
When you gonna come around?  
When you gonna come around?  
When you gonna come around?  
Sittin' alone tonight and just watchin' the clock  
My mind is set on you and it never stops  
We've never been together is just something we talk about  
Ooh, when you gonna come around?  
When you gonna come around?  
When you gonna come around?  
I've been waitin' with a heart full of love  
Just for you to say it feels right enough  
I've been a-waiting and a-wondering  
When you're gonna give in and just give it up  
Your love is the sweetest thing I have ever found  
When you gonna come around?  
When you gonna come around?  
When you gonna come around?  
When you gonna come around?
