

Look At Us Now (feat. Ally Brooke & A\$AP Ferg)

Lost Kings

Oh my Gosh, thought I was stronger
Said I wouldn't be that person, now I'm callin' you
Oh my Gosh, why am I driving?
Said won't let myself fall back inside of you
Said we shouldn't talk but now we're talkin'
Said we shouldn't touch but now we're touchin'
Said we wouldn't, said we wouldn't, who we fooling?
Probably shouldn't
Look at us now
I just drove to your house, ready for another
When we're here together
Don't this just feel better, yeah?
We're better when we're not tied down
Turn my ex to my rebound, ready for another
When we're here together
Don't this just feel better, yeah?
Look at us now
Look at us now
Wakin' up, feelin' stupid
Said I wouldn't be that person, now I'm here with you
Should've known that I would do this
Why do I even try to, try to, try to, try
Said we shouldn't talk but now we're talkin'
(Now we're talkin')
Said we shouldn't touch but now we're touchin'
(We're touchin' now)
Said we wouldn't, said we wouldn't, who we fooling?
Probably shouldn't
Look at us now
I just drove to your house, ready for another
When we're here together
Don't this just feel better, yeah?
We're better when we're not tied down
Turn my ex to my rebound, ready for another
When we're here together
Don't this just feel better, yeah?
Look at us now
Look at us now
I wanna touch, I wanna rub, I wanna kiss, I wanna love
I wanna uh
I wanna go, I wanna stay, I wanna leave, I wanna lay
I wanna uh
Keep telling me that it's okay, don't wanna play

Don't wanna argue or fuss
I don't wanna hurt, don't wanna curse
It be the girls like you that I won't wanna trust
Lust
Really wanna come to, I don't really know how to run from you
And I'm out here 'cause I want to be
I'm just here 'cause I want you
Can we just kick it like kung fu?
My heart's feelin' like what a dumb fool
Man, it felt like I was the only one
I know there was a reason why I felt you Look at us now
I just drove to your house, ready for another
When we're here together
Don't this just feel better, yeah?
We're better when we're not tied down
Turn my ex to my rebound, ready for another
When we're here together
Don't this just feel better, yeah?
Look at us now
Look at us now
