

# She Bad

## Tyla Yaweh

I see you over there  
On the fly with your backpack  
You see me standing here  
Come through, bring your girlfriend  
That body moving right, I need you like right now  
You see me going there, going there  
Without a care, yeah, yeah I can bet you got that heat  
'cos the confidence you got  
Can't be beat and I bet  
You can do anything with that body  
She said, Boy stand back and watch me  
She told me that she really good at dancin'  
Like Michael Jackson  
She bad  
She bad  
She bad  
She told me that she really good at dancin'  
Like Michael Jackson  
When she dance  
She dance  
She dance, she moves  
She move it like that  
She move it like that  
I watch her move  
She put it like that  
She good like that  
She told me that she really good at dancin'  
Like Michael Jackson  
She bad,  
She bad  
When she dance, she dance yeah  
That girl got moves  
That girl got grooves in them red bottom shoes  
That girl got fans  
She working that floor, she working them pants  
All tight in them hips and tights  
Moonwalk straight to me tonight  
She said she from Manila that's where she learnt how to Thriller I can bet you got that heat  
'cos the confidence you got  
Can't be beat and I bet  
You can do anything with that body  
She said, Boy stand back and watch me

She told me that she really good at dancin'  
Like Michael JacksonShe bad  
She bad

She told me that she really good at dancin'
