

# Feel That Fire

Dierks Bentley

She wants her nails painted black  
She wants the toy in the cracker jack  
She wants to ride the bull at the rodeo  
She wants to wear my shirt to bed  
She wants to make every stray a pet  
And drive around in my truck with no place to go  
But she needs to feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire  
She wants a cabin in the woods  
She wants to stand where nobody's stood  
Someday she wants a couple kids of her own  
She wants to make love on a train  
Some days she only wants a break  
Hey she wants what she wants but man I know, I know, I know  
But she needs to feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire, yeah, feel that fire  
So as long as there's a breath to take  
A smile to share a prayer to pray  
A chance to hold her hand and fan the flame  
She's gonna' feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire, oh, oh, oh  
Feel that fire  
She wants her nails painted black  
She wants the toy in the cracker jack  
She wants to ride the bull at the rodeo
