

# This Conversation (feat. Bob Tutupoly)

## Mocca

Hey boy, did you know?  
I lay awake in my dreamy bed  
Thinking of you and those crazy times we've had Sometimes I wonder  
Whether you're a Jekyll or you're a Hyde  
Sometimes you are wise and tell no lies Oh, I can't tell  
'cause you make me feel so loved and confused  
This conversation may never happen  
Hey girl, did you know?  
I miss you so though it may not show  
Thinking of you and those crazy times we've had My dear I have news to tell you  
Your silly jokes did brighten me  
You cheered me up when I was down Oh, I can't tell  
'cause you make me feel so loved and confused  
This conversation may never happen  
Oh, I can't tell  
'cause you make me feel so loved and confused  
This conversation may never happen 2x May never happen 3x
