

# Got It Right This Time (The Celebration)

Keith Urban

She believes in me like I've been trying to do  
I'm seeing things I've never seen before  
Ever since she came into my life  
I've been a better man  
Run, run, running, I was running scared  
Always looking for a place to leave  
And I couldn't seem to find where I belonged  
'til she took my hand  
We can make this work out, baby  
I know it's true  
I can't picture myself with no one but you  
And I think I got it right this time  
Oh, yeah  
All of my life I've been looking for someone  
Who believes in love the way I do  
Know I made several big mistakes  
But girl I promise you  
We can make this work out, baby  
I know it's true  
I can't picture myself with no one but you  
And I think I got it right this time  
True believers always find each other and here we are  
Always knew that you were out there just waiting on me  
For me to find my way, find my way to your heart  
Oh, yeah  
We can make it work out, baby  
I know it's true  
Can't picture myself with no one but you  
And I think I got it right this time  
Yeah, after all the crazy days  
Made it through  
I can't picture myself with no one but you  
And I think I got it right this time
