

Run Up (feat. PARTYNEXTDOOR & Nicki Minaj)

Major Lazer

BarbieYeah

They thought that you was a shy girl

Until I made you my girl

Girl you pushed me like a big button

'Til I cuffed you like you did somethin'

You ain't gotta wait for it

You ain't gotta wait for me to give you my love

You ain't gotta wait for it

Things are gettin' sticky, girl I think that I'm stuck I'll admit I'm wrong when I know that you gon' come for me

When you gon' come for me, yeah

Never gonna not not hit that, your lovin' is drugs to me

When you gon' come to me, yeah

And every time you hit my phone, when you say you need company, oh

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you

I'ma run up on you Girl you used to bein' quiet

'Til I brought that loud

You say your dollars is a mountain

And your mama your accountant

You watch your figure 'cause you a big deal

Got your fresh prince and a big whip

Polo mink coat, that's a big kill

Put you on a phone like a windshield

I'll admit I'm wrong when I know that you gon' come for me

When you gon' come for me, yeah

Never gonna not not hit that, your lovin' is drugs to me

When you gon' come to me, yeah

And every time you hit my phone, when you say you need company, oh

Rip the beat, then I, I stitch it up
