

# Taste

## Rhye

I'm not awake, I'm not alone  
You're right beside my face  
Will you love me this way?  
'Cause I'm dancing with my eyes closed  
It's okay, it's me, babe  
One more time for my taste  
One more time for my taste See me fall from your eyes to your waist  
One more time for my taste  
Drink this wine from your sweet [?]  
I feel your love, I feel your faith always  
You're not awake, you're not alone  
I'm calling off that fragile case  
Half way  
Are you dancing with your eyes closed?  
It's okay, it's me, babe  
One more time for my taste  
I'll lick your wounds  
I'll lay you down One more time for my taste  
See me fall from your eyes to your waist  
One more time for my taste  
Drink this wine from your sweet [?]  
I feel your love, I feel your faith always  
See me fall from your eyes to your waist  
I feel your love, I feel your faith always  
One more time for my taste  
One more time for my  
One more time for my  
One more time for my  
One more time for my home I'll lick your wounds  
I'll lay you down  
I'll lick your wounds  
I'll lay you down  
I'll lick your wounds  
I'll lay you down  
I'll lay you down
