

# Begging

## Dua Lipa

All of these highs  
And all of these lows  
Don't keep me company  
I've been breathing you in  
And drinking you down  
You're the only remedy  
Say you're gonna hold my head up  
Say you're gonna break my fall  
Say you're gonna stay forever  
Baby, this is all I want  
'Cause all my bones are begging me to beg for you  
Begging me to beg for your love  
Oh, my lungs are begging me to beg for you  
Begging me to beg for your love  
Swear I'm gonna hold your head up  
Swear I'm gonna break your fall  
Swear we're gonna last forever  
Baby, this is all I want  
'Cause all my bones are begging me to beg for you  
Begging me to beg for your love  
Losing my mind  
Dreaming I'll find another kind of love  
But this blood in my veins  
And the thought of your taste  
No, I can't give it up  
So look at my face  
I'm not running away  
'Cause all my bones are begging me to beg for you  
Begging me to beg for your love  
Swear I'm gonna hold your head up  
Swear I'm gonna break your fall  
Swear we're gonna last forever  
Baby, this is all I want  
'Cause all my bones are begging me to beg for you  
Begging me to beg for your love  
Say you're gonna hold my head up  
Say you're gonna break my fall  
Say you're gonna stay forever  
Baby, this is all I want  
Swear I'm gonna hold your head up  
Swear I'm gonna break your fall  
Swear we're gonna last forever  
Baby, this is all I want  
'Cause all my bones are begging me to beg for you  
Begging me to beg for your love  
Oh, my lungs are begging me to beg for you
