Oh, you dirty little boy, dirty little boy

watching the water flow past in the canal Watching the water flow past in the canal
watching the water flow past in the canal Looking at the swans, and hearing the birds singing
looking at the swans, and hearing the birds singing
looking at the swans, and hearing the birds singing
looking at the swans, and hearing the birds singing looking at the swans, and hearing the birds
singing
looking at the swans, and hearing the birds singing Oh, you dirty little boy, dirty little boy
