

Give Me Your Everything

[Alexandra Stan](#)

I can't stop sleep-walking underneath the moonlight
I can't hear you calling reaching for me every night
I'm yours, you're mine
Oh, your kiss brings me back to life Oh no no no don't judge my love
Oh no no no don't judge my love
Oh no no no if you're still thinkin' about me
Don't you be so hard on me,
If you love you'll give me your everything
Don't you be so hard on me,
If you love you'll give me your everything Blackout when we're touching underneath the skyline
Electric can't control it 'cause your body feels so right
I'm yours, you're mine
Oh, your kiss brings me back to life
Oh no no no don't judge my love
Oh no no no don't judge my love
Oh no no no if you're still thinkin' about me
Don't you be so hard on me,
If you love you'll give me your everything
Don't you be so hard on me,
If you love you'll give me your everything I'm doing limbo, your body is my tempo
I'm doing limbo, baby with your body tonight
I'm doing limbo, baby with your body tonight
Oooh oh oh
I'm doing limbo, your body is my tempo
I'm doing limbo, baby with your body tonight
I'm doing limbo, baby with your body tonight
Don't you be so hard on me,
If you love you'll give me your everything
Don't you be so hard on me,
If you love you'll give me your everything
