

# Like a Drug

## Hard-Fi

Sleep on floors 'cause I can't go back,  
My whole life in a plastic sack  
Temperature's falling,  
Like a drug you sucked me in Late at night when I'm all alone,  
Can't sleep 'cause something's wrong  
Think I need something,  
Like a drug I just can't win On my knees darling, so demanding,  
Find a vein sweetheart, plug yourself in. You're like a drug that I just can't kick  
I give you up and it makes me sick  
The shakes come on and they come on quick  
You're like the drug that I just can't quit  
My friends say you're no good for me  
They tell me constantly  
I never listen  
Like a drug you're everything. On my knees darling, so demanding,  
Find a vein sweetheart, plug yourself in You're like a drug that I just can't kick  
I give you up and it makes me sick  
The shakes come on and they come on quick  
You're like a drug that I just can't quit They try to fade you, I try to get clean  
Oh, you're never gonna leave,  
You've taken all of me and  
I feel so strung out  
Thought I heard you said something like  
You'll get your pill  
And there's only one way out of here  
You're like a drug that I just can't kick  
I give you up and it makes me sick  
The shakes come on and they come on quick  
You're like a drug that I just can't quit
