

Oh Hello

Nico Santos

What the hell are you doin' here?
God, I missed that face for a couple of years
Last time it was covered in tears
Said, "I'm so sorry," but then you disappeared I don't need a reason why
Everybody leave sometimes
We come, we go
Until we finally know
Doesn't have to be goodbye
Maybe we just need time
So if you change your mind
Change your mind, say
Oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it
I say, oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it Now we're drinking in the back of this
place
It still looks the same though the music has changed
But baby, look at you now
Pretty sure I know it's gonna hurt the same to watch you walk out
I don't need a reason why
Everybody leave sometimes
We come, we go
Until we finally know
Doesn't have to be goodbye
Maybe we just need time
So if you change your mind
Change your mind, say Oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it
I say, oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it Hello, hello, hello
I know it's been a long time, my friend
I swear it's good to see you again
Hello, hello, hello
Yeah, I know it's been a long time, my friend

Oh, I swear it's good to see you again
So if you find your heart to say
That it wants to try it again
If you think we still got that flame
Then next time you see me, just say
Oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it
I say, oh, hello!
Haven't seen you for a long time
How you been, how you been, how you been? Say it
How you been, how you been, how you been? Say it
Hello, hello, hello
I know it's been a long time, my friend
I swear it's good to see you again
Hello, hello, hello
Yeah, I know it's been a long time, my friend
Oh, I swear it's good to see you again
Hello, hello, hello
