## **Girl's Not Grey**

## **AFI**

I'll lay me down tonight Much further down Swim in the calm tonight This art does drownWhat follows me as the whitest lace of light Will swallow whole, just begs to be imbrued What follows has led me to this place Where I belong with all erasedWhat follows All insects sing tonight The coldest sound I'd send God's grace tonight Could it be found? What follows me as the whitest lace of light Will swallow whole, just begs to be imbrued What follows has led me to this place Where I belong with all erasedI'll lay me down tonight Much further down Watch stars go out tonight On sinking groundI'll lay me down I'll lay me down What follows me as the whitest lace of light Will swallow whole, just begs to be imbrued What follows has led me to this place Where I belong with all erased What follows will swallow whole What follows will swallow whole Song Discussions is protected by U.S. Patent 9401941.
