

Girls Like U

blackbear

Give me your forever, or at least just for a while
Give me never ending, or at least give me a mile
Give me happiness, or at least give me a smile
Give me forever for a while, give me forever for a while
Quit actin' like a baby, or at least less like a child
Give me serenity, or at least just peace of mind
Give me closure, or at least a phone call
Give me forever for a while, give me forever for a while
Swear to God I'm a sinner in a church, burnin' up for you
Swear to God she's a blessing and a curse, shoulda learned from you
Swear to God I'm a sinner in a church, burnin' up in flames
Swear to God, shoulda learned, shoulda learned
To never, never, never
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with, fuck with, fuck with
Give me your forever, or at least just for a while
Give me never ending, or at least give me a mile
Give me happiness, or at least give me a smile
Give me forever for a while, give me forever for a while
Quit actin' like a baby, or at least less like a child
Give me serenity, or at least just peace of mind
Give me closure, or at least a phone call
Give me forever for a while, give me forever for a while
Swear to God I'm a sinner in a church, burnin' up for you
Swear to God she's a blessing and a curse, shoulda learned from you
Swear to God I'm a sinner in a church, burnin' up in flames
Swear to God, shoulda learned, shoulda learned
To never, never, never
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with girls like you
Fuck with, fuck with
Fuck with girls like, girls like

Swear to God I'm a sinner in a church, burnin' up for you
Swear to God she's a blessing and a curse, shoulda learned from you
Swear to God I'm a sinner in a church, burnin' up in flames
Swear to God, shoulda learned, shoulda learned
