

# Girls Like U

## blackbear

Give me your forever, or at least just for a while  
Give me never ending, or at least give me a mile  
Give me happiness, or at least give me a smile  
Give me forever for a while, give me forever for a while  
Quit actin' like a baby, or at least less like a child  
Give me serenity, or at least just peace of mind  
Give me closure, or at least a phone call  
Give me forever for a while, give me forever for a while  
Swear to God I'm a sinner in a church, burnin' up for you  
Swear to God she's a blessing and a curse, shoulda learned from you  
Swear to God I'm a sinner in a church, burnin' up in flames  
Swear to God, shoulda learned, shoulda learned  
To never, never, never  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with, fuck with, fuck with  
Give me your forever, or at least just for a while  
Give me never ending, or at least give me a mile  
Give me happiness, or at least give me a smile  
Give me forever for a while, give me forever for a while  
Quit actin' like a baby, or at least less like a child  
Give me serenity, or at least just peace of mind  
Give me closure, or at least a phone call  
Give me forever for a while, give me forever for a while  
Swear to God I'm a sinner in a church, burnin' up for you  
Swear to God she's a blessing and a curse, shoulda learned from you  
Swear to God I'm a sinner in a church, burnin' up in flames  
Swear to God, shoulda learned, shoulda learned  
To never, never, never  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with girls like you  
Fuck with, fuck with  
Fuck with girls like, girls like

Swear to God I'm a sinner in a church, burnin' up for you  
Swear to God she's a blessing and a curse, shoulda learned from you  
Swear to God I'm a sinner in a church, burnin' up in flames  
Swear to God, shoulda learned, shoulda learned
