

Work the Middle

Alex Aiono

Come and meet me with the lights low
Where it's just me and you
Girl take me to the nice show
Give me a front row with you
Baby don't say no, no, no, no
You know what I wanna do, yeah
I could be your maestro and never play you for a fool Oh, yeah I'm three seconds from way too
gone I know
And I'm two seconds from blowing up your phone
You're the one I wanna see when I get home
Don't leave me alone
Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody
Bring your body, mama work the middle
Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody
Bring your body, mama work the middle
Just a little...Oh, I, Oh, I
Oh, I, Oh, I didn't leave a photo
I keep my eyes close to you
Don't keep me waiting solo
I already ditched the crew
Baby don't say no, no, no, no
You know what I wanna do, wanna do for you, wanna do for you, yeah
Oh, yeah I'm three seconds from way too gone I know
And I'm two seconds from blowing up your phone
You're the one I wanna see when I get home
Don't leave me alone Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody
Bring your body, mama work the middle
Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody
Bring your body, mama work the middle
Just a little...Oh, I, Oh, I
Oh, I, Oh, I
Come and meet me yeah, whoohh Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody

Bring your body, mama work the middle
Come and meet me at the afterparty
Bring your body, mama work the middle
Just a little don't tell nobody
Bring your body, mama work the middle
Just a little... hey! Now it's just me and you girl
Oh, I, Oh, I
Oh, I, Oh, I
It's just me and you girl
