

Boyfriend

Lou Bega

Hey darling there is someone we should talk about
something you should know
I like your smile and the way you talk
I love your style and the way you walk
I love your hair and your lips
your underwear and your hips
I love your cheeks and your sexy legs
your two feet and your nasty back
I love your tongue and your bum bum
your belly bottom and even your mom
I love everything about you girl don't you understand
I love you from head to toe girl but I hate your boyfriend
I love everything about you girl don't you understand
I love you from head to toe girl but I hate your boyfriend
ahedehedehedehey
you know what I mean
ahedehedehedehey
forget about him
ahedehedehedehey
don't you understand
ahedehedehedehey
I hate your boyfriend
I hate your boy with all my heart
he wasn't smart from the very start
he's a fake ain't no man
not even able to count
he lies to you every word he speaks
when you turn around he's the first who cheats
so come on girl choose with joy
you can pick me or your little boy
ohohohoho
baby don't you understand
ohohohoho
drop your boy drop your friend
ohohohoho
he shouldn't be your man
ohohohoho
just drop your boyfriend
