

Ready to Rock

Krokus

Ready to rock, ready to roll
Ready to rock, ready to roll
Ready to rock, are you ready? Get ready to give me
What I want, what I need
Keep coming, I need more
Got a sweet tooth, she's my candy store I'm gonna rock that girl tonight
Keep it up, do it right
Been waiting for so long
Got my hands full, she's Amazon! The way she teases
She really drives me wild
She always pleases
And I love to hear her say
She's ready to rock, ready to roll
Ready to rock, get ready
Ready to rock, ready to roll
Ready to rock, are you ready? I'm the lightning, she's the rain
Giving pleasure to ease the pain
Sweet thunder like a storm
Winds that blow 'til you're ripped and torn She'll be where the girls in the crowd
Love to rock, love to scream out loud
Got a fever inside
Gonna find that girl, keep her satisfied The way she teases
She really drives me wild
She always pleases
And I love to hear her say
She's ready to rock, ready to roll
Ready to rock, get ready
Ready to rock, ready to roll
Ready to rock, get ready, ready to rock Are you ready? Are you ready?
Are you ready? Come on, get ready
Are you ready? Are you ready?
Are you ready? Come on, get ready Ready to rock, ready to roll
Ready to rock, come on, get ready
Ready to rock, ready to roll
Ready to rock, come on, get ready Ready to rock, ready to roll
Ready to rock, come on, get ready
Ready to rock, ready to roll
Ready to rock, come on, get ready Ready to rock
Ready to roll
