

New Shalom (feat. Derek Minor)

Lecrae

I wake up before I throw a beat at all
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beat at all
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beat at all
Fall to my knees thank the lord for the new shalom
I, I wake up I, I, I wake up I, I tha, thank the lord tha, thank the lord new sha, new shalom
wake up before I throw a beat at all
I thank the lord for peace 'fore you could say shalom
I'm on and i'm gone out the door gone rep my home
New Jerusalem
You know what we been on
Got the word in my heart
When then they start in the darkness
Wanna get it sparked up
So I keep a guard up
Cause sin in me wanting to get the best of me
And have me all scarred up
And Im all marked up by the spirit of sinning filling me up with everything I need -Okay-
Yet I got that cheese but I don't need a piece
I just need peace please
This life aint easy
Matter fact its opposite
And I got the test results
Im very positive
That's why Im on this track wit PRO because Im supposed to give
Some potent portions of potion proportionate to poster kids
Of pain and suffering
Who's dad has never loved on them
And wouldn't know the peace of God if it was placed in front of them
And I was one of them
I don't take my life for granted
So Ima use this day tryna share my faith and pray the seeds are planted
I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up I, I, I wake up I, I tha, thank the lord tha, thank the lord new sha, new shalom
Early in the morning a.m.
You know that I thank him

Cause he still call me clean regardless of the mess I lay in
 My vision on the throne
 Clearer than patron
 Yes sir I am gone
 In my zone
 Thinking bout the way my father put me on
 Its nothing but grace
 How He's taken me faith and He died for the ultimate villain
 I still disobey but regardless Im changed when I should have been dead but Im living
 See I know when Im wrong He wont leave me alone it's a beauty of God and his mercy
 So Im singing this song about Him on the cross of my heart with that item of purchase
 Why them old props so worthless
 Say they wrestle and fight, but I merked it
 Whether live or die Im dedicated to Christ
 Yes sir Im standing my purpose
 Put my faith in Him cause He's perfect
 Insurance like Geico
 Cause if I do not have His love
 Im Norman Bates Psycho
 I go hard watch me Rebel with Lecrae
 Give my whole life for the King
 Don't Trip's just let them invade
 I Sho Baraka Obama this peace is more than just worth it
 So call Tedashii tell him Identity Crisis averted (Hey)
 I wake up before I throw a beat at all
 Fall to my knees thank the lord for the new shalom
 I, I wake up before I throw a beat at all
 Fall to my knees thank the lord for the new shalom
 I, I wake up before I throw a beat at all
 Fall to my knees thank the lord for the new shalom
 I, I wake up I, I, I wake up I, I tha, thank the lord tha, thank the lord new sha, new shalom
 24/7 all the time
 Yea Im on my grind
 Dying everyday Im tryna rhyme
 Hope to save they lives
 (peace) What I got
 I feel released
 From the knot
 Sin bound me in but Jesus had the keys to the lock
 This life is boot camp
 Yeah I know the drill
 Flesh kill
 But His will
 Is with this peace that im filled and its real
 Earth is not my home
 While I roam in wrong
 Got the Lord up on my dome
 Resting in that New Shalom
 See it go C-H-R-I-S-T-G-O-D

His spirit inside of me
And with out His L-O-V-E
Im another lost soul so obviously
When I drink the Living Water thats nothing more than a product of the grace
Through faith that I found in Him
The love He give could accurse of sin
Why should I ever give in
So chase that money
Get your wrist cold as refrigerators
I will be an out cast until He raise me up
Elevators
Me and you
Yo mamma yo cousin my brother
Pray we never sell our soul for a chance to be stuntin
Cause everything that's good in me the Lord He done it
Run it
I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up before I throw a beater on
Fall to my knees thank the lord for the new shalom
I, I wake up I, I, I wake up I, I tha, thank the lord tha, thank the lord new sha, new shalom
