You're Gonna Leave

Stephen Marley

Which way from here, I'm caught up in the pages of my mind And it's not so clear but it seems the hurt is way too much this time 'Cause I see a vain look in your eyes Tell me, do you see the same, same look in mine? Sandpaper kisses, paper cut bliss Don't know what this is but it all leads to this You're gonna leave her, you have deceived her Ooh, just a girl Now here I go again, she said, "I'll break her heart again" Though I disagree, she thinks she knows me more than me It's so hard to see what this voice keeps telling me Ooh, just a girl with featherweight curls To expose all she knows, you play like tease Just a girl with featherweight curls To expose all she knows, you play like tease You're gonna leave her, you have deceived her Ooh, just a girl
